**Unit 255 Webmaster Report**

Since the last board meeting there has been no major revisions to the Unit 255 website. A few corrections were required to ensure a document was linked to the correct line item.

Posters advertising upcoming events (tournaments, etc.) are posted upon receipt. Please note this 'posters' need to be a JPEG file to be readable on the website.

Office documents (Word, Excel) can be posted on the site, however some formating may be lost. It is always better to have documents as PDF as they will always be shown as intended.
